

## Presidential Prayer Request

Friday, the president informed us that he and the first lady contracted COVID-19.

The Bible instructs and *urges* us to *pray* and *intercede for all people*, but especially *for kings and all who are in high positions! 1 Timothy 2:1-2*

The Apostle Paul wrote this to his son in the faith. Paul's instructions to Timothy carried no "fine print," and there were no "ifs" attached; if Timothy liked or agreed with the kings in question or politically line up with those in power. May I point out that back in the day, kings and those in power opposed Christianity and any "competition" coming from Christ the King. So, in essence, Paul was asking Jesus' disciples to pray for their enemies!

Therefore, regardless of how you may feel about the president, as disciples of Christ, pray for him. Between all of us, we should be able to cover every day for the next two months.

Sincerely,  
Pastor Vin
